NOTICE

EXPIRATION: Every permit issued by the building official under the provisions of the code shall expire by limitation and become null and void if the building work authorized by such permit is not commenced within one year from the date of such permit, or at any time said building or work is suspended or abandoned for a period of one year. Work shall be considered "abandoned" or "not commenced" if the project has not had one of the inspections required in the most current edition of the California Building Code approved within any 12 month period. Before such work can be recommenced, a new permit shall be first obtained to do so, and the fee therefore shall be one half of the amount required for a new permit for such work, provided no changes have been made or will be made in the original plans and specifications for such work; and provided further that such suspension or abandonment has not exceeded one year. In order to renew action on a permit which has expired in excess of one year, the permittee shall pay a new full permit fee.

Any permittee holding an unexpired permit may apply for an extension of the time within which work may commence under that permit when the permittee is unable to commence or continue work within the one year period. The Building Official may extend the time for action by the permittee for a period not exceeding one year on written request by the applicant made prior to the expiration of the permit. No permit shall be extended more than once.

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with, whether specified or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other State or Local Law regulating construction or the performance of construction.

I/We agree to save, indemnify, and keep harmless the County of Lassen against liabilities, judgments, costs and expenses which may in any way accrue against said County in consequence of the granting of this permit.
