

FRIDAY NIGHT LIVE

Who we are

Lassen County Friday Night Live (high school age) and Club Live (middle school age) are youth and adult leadership programs. Their focus is to educate the youth, adults, and community leaders on the dangers of underage drinking and substance use, promote positive social norms, and assist youth in building skills to become active leaders in their community.

This booklet serves to promote what the local Club Live Chapter of Susanville, California named Diamond View has done for their community over the past year.

Meet our members

These are the members of our Diamond View Club Live Chapter in Susanville, California.

AGREE

"In spite of COVID, participating in CL helped me stay connected with others."

"I've enjoyed countless things about Club Live. One of the things I enjoyed most is that everyone gets to participate in helping the community, and it gives a person opportunities to be a sort of leader in their community as well. In addition, playing fun games and socializing with other people were also some things I highly enjoyed at Club Live."

CL REDUCES ATOD RISK

100%

report that in CL, they learn why not to use alcohol, tobacco and other drugs

100%

report that because of CL, they support other youth to make healthy choices

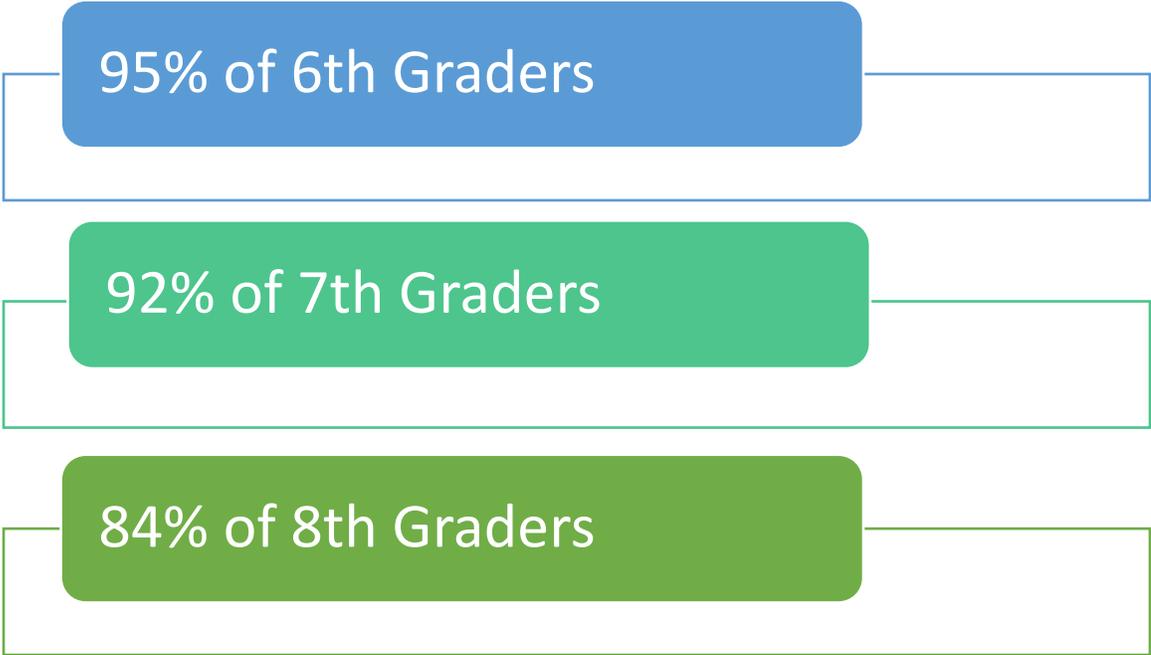

"I enjoyed the environment my team members and I were able to create. It gave me a sense of accomplishment because we were able to educate the youth about the downsides to drugs and alcohol. We were also able to participate in fun games and create a community."

What does the data say about our community?

Most middle school students do not drink alcohol.

These are the percentages of middle school students that report never have had a drink of alcohol in the Susanville School District according to the California Healthy Kids Survey for the school year 2021-2022.

95% of 6th Graders

92% of 7th Graders

84% of 8th Graders

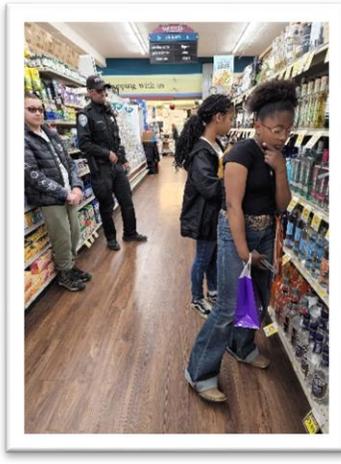

Actions we have taken in our community

Teaching our peers about the dangers of distracted driving at our local annual Children's Fair.

Informing our community about local youth statistics on current underage drinking on youth in the entire county.

Completing a Spread the Word Campaign reminding adults to not provide alcohol to minors.

But wait, there is more

Along with everything mentioned we also have created radio public service announcements that promote mental health awareness and stigma reduction (top), build rock gardens for our local nursing home (center), and attend the statewide Friday Night Live Youth Summit (bottom).

Thank you for taking time to review what we have accomplished. If you would like to keep up on what we are doing you can contact Lassen County Behavioral Health at 530-251-8108.
