## Lassen County Office of Emergency Services Lassen EOC Press Release #3

**SUBJECT:** Local Businesses Adhering to the Governor's Executive Order and the State Health Order

The Lassen County Public Health Department, the Lassen County Office of Emergency Services (OES), and the City of Susanville would like to thank our local community for adhering to Governor Newsom's Executive Order and the State Health Order issued on March 19, 2020. By volunteering to shelter-in place and only travel outside for necessities, each individual in our community can do their part to slow the spread of the COVID-19 virus (novel coronavirus). To date, Lassen County does not have any confirmed cases. Please see our website for updated information on the status of the virus in Lassen County: [lassencares.org](http://lassencares.org).

At this point, Lassen County Public Health, Lassen County Office of Emergency Services (OES), and the City of Susanville want to thank and recognize the sacrifice of our residents and local businesses as they modify their daily activities or temporarily close their doors. Residents of Lassen County are asked to be patient and support our local business as they transition and adapt to the recommendations put forth by the state.

Many small businesses have closed their doors for the sake of our community. Patrons are staying home to do their part. Restaurants have converted their sit down establishments to delivery or take-out. We commend and continue to appreciate the cooperation by our local business and their patrons. We strongly encourage those who have yet to comply to the statewide recommendations and the health order to seek guidance from the Lassen County Public Health Department.

If you have any questions or concerns, please call the Public Health Hotline at **530-251-8100** Monday through Friday, 8:00 am to 5:00 pm.
